

Hello everyone,

We are pleased to announce that the Can-West Iris Society's annual rhizome sale begins now! We have a great selection of iris again this year. There are more than 30 different varieties on this year's list for you to choose from.

The primary supplier of rhizomes is Snowpeak Iris for 2010. There are brand new and recent introductions from the work of Denise Stewart, Augusto Bianco and Paul Black. All are offered at very reasonable prices. All are available in very limited numbers. In addition we have donations from members, many of which are on offer for the first time in a sale. Some are relatively rare and hard to get, too, including several Siberians! Yes, we were able to score some beauties for you this year and I know they will go fast. Several are historic and with a couple of exceptions not often seen here.

The rules and guidelines are basically the same as previous years, but there have been a few changes so please read everything through carefully before you start looking at the sale listing and photos (see below for instructions on accessing the photos).

In order to participate in this sale and purchase these iris on offer, we have set out some guidelines to ensure everything runs as smoothly as possible:

1. **REQUIREMENT TO PARTICIPATE:** Paid membership in the Society is required. The membership fee remains at just \$5.00 per year. The membership fee is to be included with your order. The only exception to this rule is for people who joined up between September of last year and August of this year or those who have paid for multiple years in advance. You and I know who you are. If you have any questions regarding your membership status, please ask before ordering.

2. **SALE PERIOD:** The sale will run from 3 to 8 August 2009 or until the iris are sold out, whichever comes first.

3. **ORDERS:** Send your e-mail order to B. J. Jackson at jacksonb@mts.net. Be sure to include a list of alternates should your first choices not be available. Also include full mailing address and telephone number in case we need to contact you about your order.

4. **ACCEPTED PAYMENT METHODS:** We are accepting PayPal payments to jacksonb@mts.net (instant bank transfer payments) but we are not set up for credit card payments. Money Orders are also accepted, no cheques or cash unless arrangements are negotiated with me prior to your order

being placed. The PayPal website is located at www.paypal.com. It will take a few days to set up for instant bank transfers if you aren't already a PayPal member.

5. RHIZOME AVAILABILITY: There are limited numbers of each iris (see list below). Confirmations will be sent out as soon as possible following receipt of your order. Please remember the Rhizome Sale Committee are volunteers and have outside lives so it may take a day or two to get back to you. Your patience is appreciated.

6. PRICING: Prices are shown beside the individual varieties in all cases. The prices may seem high for some of these but they are, in fact, deeply discounted especially the new and newer introductions.

7. PHOTOGRAPHS: You can view the pictures of the sale iris by visiting the internet web page Webshots and clicking on the album CWIS at:

<http://community.webshots.com/user/plantaddict487>.

If it doesn't show up as a hyperlink, copy and paste the address into your web browser.

8. SHIPPING CHARGES: Postage charges are not included. Some alterations have had to be made with Canada Post's increasing rates yet again as well as the rising cost of getting rhizomes to Winnipeg for local delivery. This year, we are instituting a flat fee shipping cost of \$10 per order sent out by Canada Post. Local Winnipeg delivery is \$3. Those who elect this option will be given specific instructions as to how to make arrangements to pick up their orders. There are no taxes or other charges to pay!

In return for following these guidelines you will acquire some very healthy and strong iris rhizomes at a very reasonable cost. We cannot guarantee replacement should you happen to get a misnamed iris. We have taken every precaution to ensure this doesn't happen but sometimes mistakes are made. We hope you understand our position in this regard.

This offer is being made only to members of the Can-West Iris Society's Open Forum, so have a look and order soon before time (and irises) run out!

This is the one and only sale we are having this year. Have fun and enjoy the process. We have tried to make it as simple as possible but if you should have any trouble with anything, please do not hesitate to contact me directly at jacksonb@mts.net.

Here is this year's listing. Remember, some of the varieties are in very

limited supply so don't think about it for too long! And, have some fun.
That's what it is all about after, all is said and done!

2010 Rhizome Sale List and Descriptions

MDB

***CUP CAKE** *(Hubbard, 1965) MDB, 8" (20 cm), E
