CWIS 2012 Rhizome Sale

Hello everyone,

The Can-West Iris Society's annual rhizome sale is now live!

The primary supplier for 2013 is Mid-America Gardens featuring the cutting edge median hybridizing of Paul Black and Thomas Johnson. They also sent a few of their miniature dwarfs but the concentration this year is on medians. In addition we have a few donated by CWIS members and friends, also from the median class. Medians, medians and more medians!

The rules and guidelines are basically the same as previous years, but there have been some changes so please read everything through carefully before you start looking at the sale listing and photos (see below for instructions on accessing the photos).

1. REQUIREMENT TO PARTICIPATE: Paid membership in the Society is required. The membership fee remains at just \$5.00 per year. The membership fee is to be included with your order. The only exception to this rule is for people who joined up between August of last year and July of this year or those who have paid for multiple years in advance. You and I know who you are. If you have any questions regarding your membership status, please ask before ordering.

2. SALE PERIOD: The sale will run from Monday, July 29nd to Sunday, August 4th, 2013 or until the iris are sold out, whichever comes first.

3. ORDERS: **DO NOT HIT REPLY AND SEND THE ENTIRE LISTING BACK TO ME!** Create a new e-mail with your order to B. J. Jackson at jacksonb@mts.net with "Rhizome Sale Order 2013" in the subject line. **This is important! In past years a few orders have been missed because they did not have the correct subject line to alert me to an order's arrival.**

Be sure to include a list of alternates just in case your first choices are not available. Indicate your selections, the price of each variety, shipping cost and membership status. Also include your full mailing address, method of payment and telephone number in case we need to contact you about your order.

4. ACCEPTED PAYMENT METHODS: If you wish to pay by cheque, please let me know when you place your order and wait for your confirmation before sending. NSF cheques will be charged a service fee at current bank rates plus \$5. Money Orders are also accepted as are PayPal payments to jacksonb@mts.net (instant bank transfer payments). We are not set up for credit card payments. Administration charge of 10 per cent of your order will be added to cover PayPal fees. The PayPal website is located at www.paypal.com. It will take a few days to set up for instant bank transfers if you aren't already a PayPal member.

5. RHIZOME AVAILABILITY: Some of the varieties are in extremely limited numbers (i.e. just one or two). Confirmations will be sent out as soon as possible following receipt of your order. **Please remember the Rhizome Sale Committee volunteer their time and labour to us every year and we do have lives outside of iris, so it may take a day or so to get back to you.** If you don't receive an acknowledgement within 24 hours, please write again to confirm your order has been received. Your patience is appreciated.

6. PRICING: Prices are shown beside the individual varieties in all cases. The prices may seem high for some of these but keep in mind that these are all new or newer introductions from 2011 to 2013! **We guarantee you will not see them anywhere at a lower price!**

7. PHOTOGRAPHS: Most of the varieties listed have a link to the American Iris Society's iris encyclopedia (aka the iris wiki). Just click on the link and you will go to the particular variety. If clicking on the link doesn't work, just **copy and paste the link into your browser** and you can view them that way. Alternately, you can visit the Mid-America site to view their photos at:

<http://www.beardedirisflowers.com/>

8. SHIPPING CHARGES: Postage charges are not included. Postage charges will be:

Manitoba delivery: \$12

Saskatchewan: \$13

Alberta, British Columbia and all other provinces: \$15.

Large orders may incur additional postage costs.

Combined order shipping is available for out-of-province orders. The way this works is if you are in close proximity to another member(s) who also places an order, your orders may be sent in one box to one address for a single shipping charge. Please discuss this with the people you wish to include in this single mailing ahead of time and indicate so in your order email. The shipping charges may be more than the flat rate indicated above for a single order so wait for your confirmation. It is up to the addressee to distribute the other individuals' orders.

Local Winnipeg delivery is available for \$3. Please indicate this in your order email. Those who elect this option will be given specific instructions as to how to make arrangements to **pick up** their orders in the city when the confirmation is sent.

In return for following these guidelines you will acquire some healthy and strong iris rhizomes at a reasonable cost. We cannot guarantee replacement should you happen to get a misnamed iris. Both we and the suppliers have taken every precaution to ensure this doesn't happen, but sometimes mistakes are made. We hope you understand.

Have fun and enjoy the process.

We have tried to make it as simple as possible but if there is any problems, please do not hesitate to contact me directly at jacksonb@mts.net.

Here is this year's listing. Remember, the varieties are in limited supply so don't think about it for too long! And, have some fun. That's what it is all about after all is said and done!

GOING IN CIRCLES (SDB) (Paul Black, R. 2013) \$9

Early-Midseason. 13" (33cm). Fabulous unique color. Very red spot. Much admired by garden visitors. Sdlg. R269D: Exclaim sib.

<http://wiki.irises.org/bin/view/Sdb/SdbGoingInCircles?id=1&filename=goingincircles1.JPG#igp1>

LITTLE SWEETIE (Thomas Johnson, 2012) \$5

Lovely pastel plicata for that more intimate space. Warm peachy buff ground with wide mauve-pink plicata bands. Midseason 10" (25cm) Sdlg. TB86A.

http://wiki.irises.org/bin/view/Sdb/SdbLittleSweetie?id=1&filename=Little_Sweetie_SDB_TB86A_TJohnson.jpg#igp1

LOOK INSIDE (Paul Black, R. 2011) \$6

Early to midseason bloom. 15 (38 cm). Standards mid butter-yellow, red brown stitched edge and random dots over center, dark brown midrib, solid at base and dotted in upper 1/3, style arms dark burgundy, edges dark auburn; Falls white, light butter yellow band sparsely dotted burgundy, mid yellow hafts heavily veined and dotted dark burgundy; beards brown in throat, old gold in middle ending in white; slight musky fragrance.

Hybridizer's Comment : Clumps are bright, and cheery. Soft creamy yellow standards are speckled dark burgundy brown as are striking midribs. Falls are white with creamy yellow bands and reverse with brown plicata marking over hafts. Inside are darkest burgundy styles. Wonderful! Clumps beam with personality.

http://wiki.irises.org/bin/view/Sdb/SdbLookInside?id=1&filename=Look_Inside_SDB_Black_32.jpg#igp1

LOVEABLE PINK (Paul Black, R. 2013) **\$8**

Midseason-Late 12" (30cm) Yummy color and beautiful ruffled form. Coral pink beards. Very subtle plicata. Sdlg. R273A

<http://wiki.irises.org/bin/view/Sdb/SdbLoveablePink?id=1&filename=loveablepink1.JPG#igp1>

MATADOR'S CAPE (Paul Black, R. 2013) **\$9**

Midseason-Very Late. 13" (33cm). Vibrant completely saturated dark orange beards! Makes clumps you won't soon forget. Sdlg. R264E: Delayed Development X He's So Shy sib

<http://wiki.irises.org/bin/view/Sdb/SdbMatadorsCape?id=1&filename=matadorscape1.JPG#igp1>

MINI MOUSE (Paul Black, R. 2011) **\$5**

Midseason to late bloom. 14 (36 cm). Standards greenish cream, wide openly stitched and dotted mid violet plicata band, fewer and random dotting over center, violet line and dotting up midrib; style arms mid violet, red-violet ridge; Falls chalky white, cream to butter hafts heavily plicata veined and washed dark plum, narrow butter rim around distal 1/3, smoky violet pumila spot blush at end of beard, fine grey violet textured veins; beards mid amber in throat, light amber in middle ending in violet, hairs based white; pronounced musky fragrance.

Hybridizer's Comment : Another strong growing sibling to Dare. Mid purple styles keep it from being mousey. Note pumila spot influence in center of fall. Interesting parent for unique seedlings.

http://wiki.irises.org/bin/view/Sdb/SdbMiniMouse?id=1&filename=Mini_Mouse_SDB_Black32.jpg#igp1

MY CHER (Paul Black, R. 2011) **\$5**

Midseason to late bloom. 15.5 (39 cm). Standards mid brassy old gold, subtle grey white textured veins, base light grey violet, darker along midrib; style arms warm white, mid yellow crests, Falls large white luminata patch blending to mid violet blue becoming darker toward edge, narrow brassy old gold blended band; beards orange in throat, light orange in middle, light orange yellow at ends, hairs based white, white dart at end of beard; slight spicy fragrance. Mid America 2012

Hybridizer's Comment : Brassy tan standards infused slate violet up midribs. Mid violet blue falls with brassy tan bands and white luminata patches. Soft light marigold to white beards are a pleasant accent. Short raised white dart at end of beards indicates possibility of horns. Awarded "Best Seedling" at Median Convention in Oklahoma City, 2010. Unique and beautiful luminata. Fantastic parent giving plicatas with unusual colors and patterns.

<http://wiki.irises.org/bin/view/Sdb/SdbMyCher?id=1&filename=mycher3.jpg#igp1>

PING (Thomas Johnson, R. 2013) **\$9**

<http://wiki.irises.org/bin/view/Sdb/SdbPing?id=1&filename=ping1.JPG#igp1>

RAIN IN SPAIN (Paul Black, R. 2013) **\$8**

Early-Midseason. 15.5" (39cm). Clear light blue & white plicata. Superb form. Great clumps. Sdlg. R284A: Graph X Total Denial sib

<http://wiki.irises.org/bin/view/Sdb/SdbRainInSpain?id=1&filename=raininspain1.JPG#igp1>

THUMP (Thomas Johnson, R. 2013) **\$8**

Super wide falls. Subtle pastel that blends well with stronger colors. 14" (36cm). Sdlg. TC264A: Capiche X (Devoted x Clever) Super wide falls. Subtle pastel that blends well with stronger colors. 14" (36cm). Sdlg. TC264A: Capiche X (Devoted x Clever)

<http://wiki.irises.org/bin/view/Sdb/SdbThump?id=1&filename=thump1.JPG#igp1>

WHEEL (Thomas Johnson, 2012) \$5

Midseason-Late. 12" (30cm.). Hybridizer's Comment: White with wide mid violet plicata bands. Darker purple broken color marking is extremely variable with weather.

http://wiki.irises.org/bin/view/Sdb/SdbWhee?id=1&filename=Whee_SDB_TB60A_SDB_TJohanson.jpg#igp1

WORRY WART (Paul Black, R. 2011) \$6

Midseason to late bloom. 15.5 (39 cm). Standards mid dark smoky orchid base and midrib blended to mid pink mauve in upper 1/2; style arms mid pink mauve, dark orchid ridge and stigmatic lip; Falls mid smoky rose mauve, darker textured veins and hafts, light smoky blue flush around beard and white dart at end of beards, gilt gold rim along hafts only; beards dark smoky orange in throat blending to mid smoky orange in middle, ending in mid lilac dots on tips, hairs based dark lilac; slight musky fragrance.

Hybridizer's Comment : Hauntingly beautiful. Another result from pink/blue breeding. Smoky orchid mauve bitone with paler blue-white patch around striking blue beards.

http://wiki.irises.org/bin/view/Sdb/SdbWorryWart?id=1&filename=Worry_Wart_SDB_Black_12_C.jpg#igp1

MTB

COTILLION BALL (Thomas Johnson, R. 2013) \$12

Early. 26" (66cm). Tetraploid MTB Loads of these pretty little peach flowers on well-proportioned stalks. Excellent parentage. Sdlg. TC69B: Tic Tac Toe X Bundle of Love

<http://wiki.irises.org/bin/view/TbAthruE/TbCotillionBall?id=1&filename=cotillionball1.JPG#igp1>

EASTER PARTY (Paul Black, R. 2013) \$12

<http://wiki.irises.org/bin/view/Mtb/MtbEasterParty?id=1&filename=easterparty1.JPG#igp1>

BB

GRACE AND CHARM (Paul Black, R 2013) \$15

Midseason-Late. 27" (69cm). Two branches + spur & 8-9 buds. Superb parent for hot pinks and reverse bicolors. Fertile. Sdlg. R176C: Always Lovely X (Dolce x Pink Flyaway)

<http://wiki.irises.org/bin/view/Bb/BbGraceAndCharm?id=1&filename=graceandcharm1.JPG#igp1>

WILD (Paul Black, R. 2011) \$10

Early to midseason bloom. 27 (69 cm). Standards and style arms bright apricot orange; Falls slightly lighter apricot orange, white luminata plicata haft, washed and sanded overall apricot orange, outer 2/3 washed and marbled garnet, 1/2" band of apricot orange; beards orange; slight spicy fragrance.

Hybridizer's Comment: The brightest orange ground plicata. Shines like a beacon across the garden. Can push the BB class. Well-branched stalks and vigorous growth.

http://wiki.irises.org/bin/view/Bb/BbWild?id=1&filename=Wild_BB_Black_32.jpg#igp1

IB

CODE OF HONOR (Thomas Johnson, R. 2013) **\$12**

Midseason. 25" (63cm). Strong growth creates clumps filled with bloom. Beautiful form one would expect from Bluebeard's Ghost. Sdlg. TB91A: Bluebeard's Ghost X Mythology

<http://wiki.irises.org/bin/view/Ib/IbCodeOfHonor?id=1&filename=codeofhonor1.JPG#igp1>

DOG AND PONY SHOW (Paul Black, R. 2013) **\$13**

Midseason-Late. 27" (69cm). Fabulous form & color. Show stalks have 2 branches plus spur & 6-8 buds. Fertile. Sdlg. R202A: (High Master x (Key to Success x self)) X Love Spell

<http://wiki.irises.org/bin/view/Ib/IbDogAndPonyShow?id=1&filename=dogandpony1.JPG#igp1>

IT'S AMAZING (Paul Black, R. 2011) **\$8**

Midseason to late bloom. 19 (48 cm). Standards warm mid pink; style arms mid pink, orchid ridge, warm white edge; Falls warm pink, blended buff pink spot around beard, darker buff pink textured veins, pale violet white flash at end of beard; beards dark coral in throat, smoky coral in middle, dark lavender at ends; pronounced spicy fragrance; SDB in appearance but too tall for class.

Hybridizer's Comment : Amazing color! Hot pink with tangerine to blue beards. Very short IB. In some areas it will be an IB and others SDB height with similar variation from season to season. By breeding it is a SDB. Rampantly vigorous. Makes instant clumps.

http://wiki.irises.org/bin/view/Ib/IbItsAmazing?id=1&filename=Its_Amazing_IB_Black_32.jpg#igp1

RUSTLER'S RHAPSODY (Paul Black, R. 2013) **\$15**

Early-Midseason. 25" (63cm). Bright & bold color! Show stalks have 3 branches & 7-9 buds. Demonstrates the versatility of Here We Go as a parent. Fertile both ways. Strong clean growth. Sdlg. R186A: Here We Go X Wild

<http://wiki.irises.org/bin/view/Ib/IbRustlersRhapsody?id=1&filename=rustlersrhapsody1.JPG#igp1>

SHORTY (Paul Black, R. 2011) **\$9**

Early to midseason bloom. 20 (51 cm). Standards mid peach pink, darker peach textured veins, peach tan rim; style arms mid peach pink, darker crest and ridge; Falls mid apricot peach, prominent darker peach tan textured veins, slightly darker line down center; beards tangerine.

Hybridizer's Comment : Bright clumps filled with loads of peachy orange flowers. It is fertile & parent of my best hot pink SDB seedling. Should be an excellent parent for BBs, IBs, tetraploid MTBs and even SDBs.
