CWIS 2016 Rhizome Sale

Hello everyone,

The Can-West Iris Society's annual rhizome sale is now under way.

Our major supplier for the first time is **Trail's End Iris**. They are a well established **Canadian** commercial iris garden out of Ontario. And we also have the generous donations from CWIS members to round out the list. Bob and Ann Granatier have put together a great package for us. I'm very sure everyone will find something to tempt them.

The rules and guidelines are basically the same as previous years, but there have been some changes so please read everything through carefully before you start looking at the sale listing and photos (see below for instructions on accessing the photos).

1. REQUIREMENT TO PARTICIPATE:

Paid membership in the Society is required. The membership fee remains at just \$5.00 per year. The membership fee is to be included with your order. The only exception is for people who joined up between August of last year and July of this year or those who have paid for multiple years in advance. You and I know who you are. If you have any questions regarding your membership status, please ask before ordering.

2. SALE PERIOD: The sale will run from **Saturday, July 30th to Friday, August 5th or until the iris are sold out**, whichever comes first.

3. ORDERS: DO NOT HIT REPLY AND SEND THE ENTIRE LISTING BACK TO ME!

Please create a new e-mail with your order to B. J. Jackson at jacksonb@mts.net with "**Rhizome Sale Order 2016**" in the subject line. **This is important!** In past years orders have been missed because they did not have the correct subject line to alert me to an order's arrival.

Be sure to include a list of alternates just in case your first choices are not available. Indicate your selections, the price of each variety, shipping cost and membership status. Also include your full mailing address, method of payment and telephone number in case we need to contact you about your order.

4. ACCEPTED PAYMENT METHODS:

Acceptable payment methods include Interac E-transfer (preferred), PayPal, money order, cash or personal cheque.

- Interac E-Transfers

Electronic bank transfer through Interac is the preferred payment method. Check your online banking site for information and instructions on how it works. Depending on your bank and your account type, there may be a charge for using it. It is fast, reliable, secure and easy!

- Cheque

If you wish to pay by personal cheque, please let me know and **wait** for your confirmation before sending it.

NSF cheques will be charged a service fee at current bank rates plus \$5.

- Money orders.

- PayPal.

We are not set up for credit card payments of any kind. If given the choice, please select send money to friends and family. Theoretically this will be a free transaction. Please check before sending. An administration charge of 10 per cent of your order may be added to cover any fees levied. The PayPal website is located at www.paypal.com. It will take a few days to set up for instant bank transfers if you aren't already a PayPal member.

5. RHIZOME AVAILABILITY:

All varieties are limited in numbers and with a few exceptions, just 5 or fewer. Confirmations will be sent out as soon as possible following receipt of your order.

Please remember the Rhizome Sale Committee volunteer their time and labour to us every year and we do have lives so it may take a day or two to get back to you. If you don't receive an acknowledgement within 48 hours, please write again to confirm your order has been received. Your patience is appreciated.

6. PRICING:

Prices are shown either beside the classification or beside the individual variety. Please check both before writing or calling me! We can guarantee you will not find them at a lower price anywhere.

7. PHOTOS:

All varieties listed have a link to the American Iris Society's iris encyclopedia (aka the iris wiki). Just click on the link and you will go to the particular variety. If clicking on the link doesn't work try control click. Alternately, just copy and paste the link into your browser.

8. SHIPPING CHARGES:

Postage charges are not included. **Please consider combined shipping with members near you!**

Postage charges will be:

Manitoba delivery: \$12

Saskatchewan: \$13

Alberta, British Columbia and all other provinces: \$15.

Large orders to any destination may incur additional postage costs.

Combined order shipping is available for out-of-province orders. If you are in close proximity to another member(s) who also places an order, your orders may be sent in one box to one address for a

single shipping charge. Please discuss this with the people you wish to include in this single mailing ahead of time and indicate so in your order email. The shipping charges may be more than the flat rate indicated above for a single order so wait for your confirmation. It is up to the addressee to distribute the other individuals' orders.

Local Winnipeg delivery is available for **\$3**. Please indicate this in your order email. Those who elect this option will be given specific instructions as to how to make arrangements to pick up their orders in the city when the confirmation is sent.

In return for following these guidelines you will acquire some healthy and strong iris rhizomes at a reasonable cost. We cannot guarantee replacement should you happen to get a misnamed iris. Both we and the suppliers have taken every precaution to ensure this doesn't happen, but sometimes mistakes are made. We hope you understand.

Have fun and enjoy the process.

We have tried to make it as simple as possible but if there is any problems, please do not hesitate to contact me directly at jacksonb@mts.net.

So here is the 2016 variety listing. Don't think about it for too long or you will miss out! And, have some fun. That's what it is all about after all is said and done.

2016 Sale Listing

Aah (George Sutton, R. 2008) MDB, height 7" (18 cm), Very early to early bloom and rebloom.
